

## TCM Forklift Part

TCM Forklift Parts - In the global trade of material handling, forklifts play an important part for transporting industrial goods. First innovated as industrial vehicles during the 1930s in America, lift trucks gained popularity after World War II in the 1940s. Becoming a reliable and efficient means to material handling solutions, the practicality and need of these equipment spread internationally.

Initially established as Toyo Carrier Manufacturing Company Limited, in 1949, the business was later renamed Toyo Umpanki Co. before becoming recognized as the TCM Corporation. Established by Mr. N. Niwa manufactured Japan's very first lift truck. Throughout the years, TCM forklifts have become an international leader in lift truck manufacturing and have built a solid reputation in the industry. TCM started building forklift manufacturing locations outside of Japan in the 1980s and is now engaged in lift truck manufacturer at three foreign factories in China, the United States and Europe.

With over 50 years of accumulated technology and expertise, TCM has been proudly manufacturing several models of industrial trucks, making their models recognizable all around the globe. With an energetic and strong workers, TCM has been able to continually work towards becoming a future leading material handling company.
