Advance-Nilfisk Parts - Imagine how tedious it would be to clean up your very own house after having a large party, with out assistance from cleaning equipment. Before, the time carpets and upholstery had the dust beat out of them manually; brooms, cleaning cloths and brushes were the best cleaning materials back then.

The founder of Nilfisk-Advance, P.A. Fisker, began as an electrical engineer who really liked to work on electrical motors. After starting his business during the year 1906, he began to produce motors to drive machine tools, drills, coffee grinders and fans. Mr. Fisker's vision from the beginning was to own a global company advertising goods worldwide.

The Nilfisk C1 was a remarkable breakthrough for the cleaning industry. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed just 17.5 kilos and could be operated by a single person. This invention came in a time where many cleaning equipment were massive and required 4 or more operators, therefore, the Nilfisk C1 changed everything and developed the manner we clean forever. The genius behind these first cleaning equipment remains unparalleled. Cleaning machines offer a brilliant solution to an existing problem; things get dirty and should be cleaned regularly, without a lot of effort.

Gradually, the business Nilfisk-Advance grew through the years. In the the early part of the 1980's the business expanded fast when the business became a part of the NKT Group. With new owners on board, they concentrated on driving Nilfisk-Advance ahead within the trade, aiming to be an active international player in producing professional cleaning equipment. Nilfisk-Advance is presently found in every part of the world by steadily acquiring a lot of smaller businesses in order to expand their product portfolio and presence in new markets. They are proud to present a variety of cleaning solutions to suit every requirement.
