

Fork Mounted Sweeper

Fork Mounted Sweeper - This particular accessory really makes industrial sweeping work much easier to finish. The handy forklift mounted broom is intended for use with either wet or dry material clean ups. It can squeegee water and push snow easily. This accessory is normally utilized so as to clean trash from construction sites, docks, parking lots, warehouses and almost wherever it is considered necessary. The forklift sweeper is a low maintenance attachment which uses quick-tite blade products to easily connect to the lift truck.
